

Project management is not a profession

and why we shouldn't legislate

A quick recap

Definitions of professional

- Legal recognition of an occupational group
 - Attributes of a 'recognised' profession
 - Misuse of common language
-
- You can be professional even though you do not belong to a profession!

Shared values: common goals

What are we actually trying to achieve ?

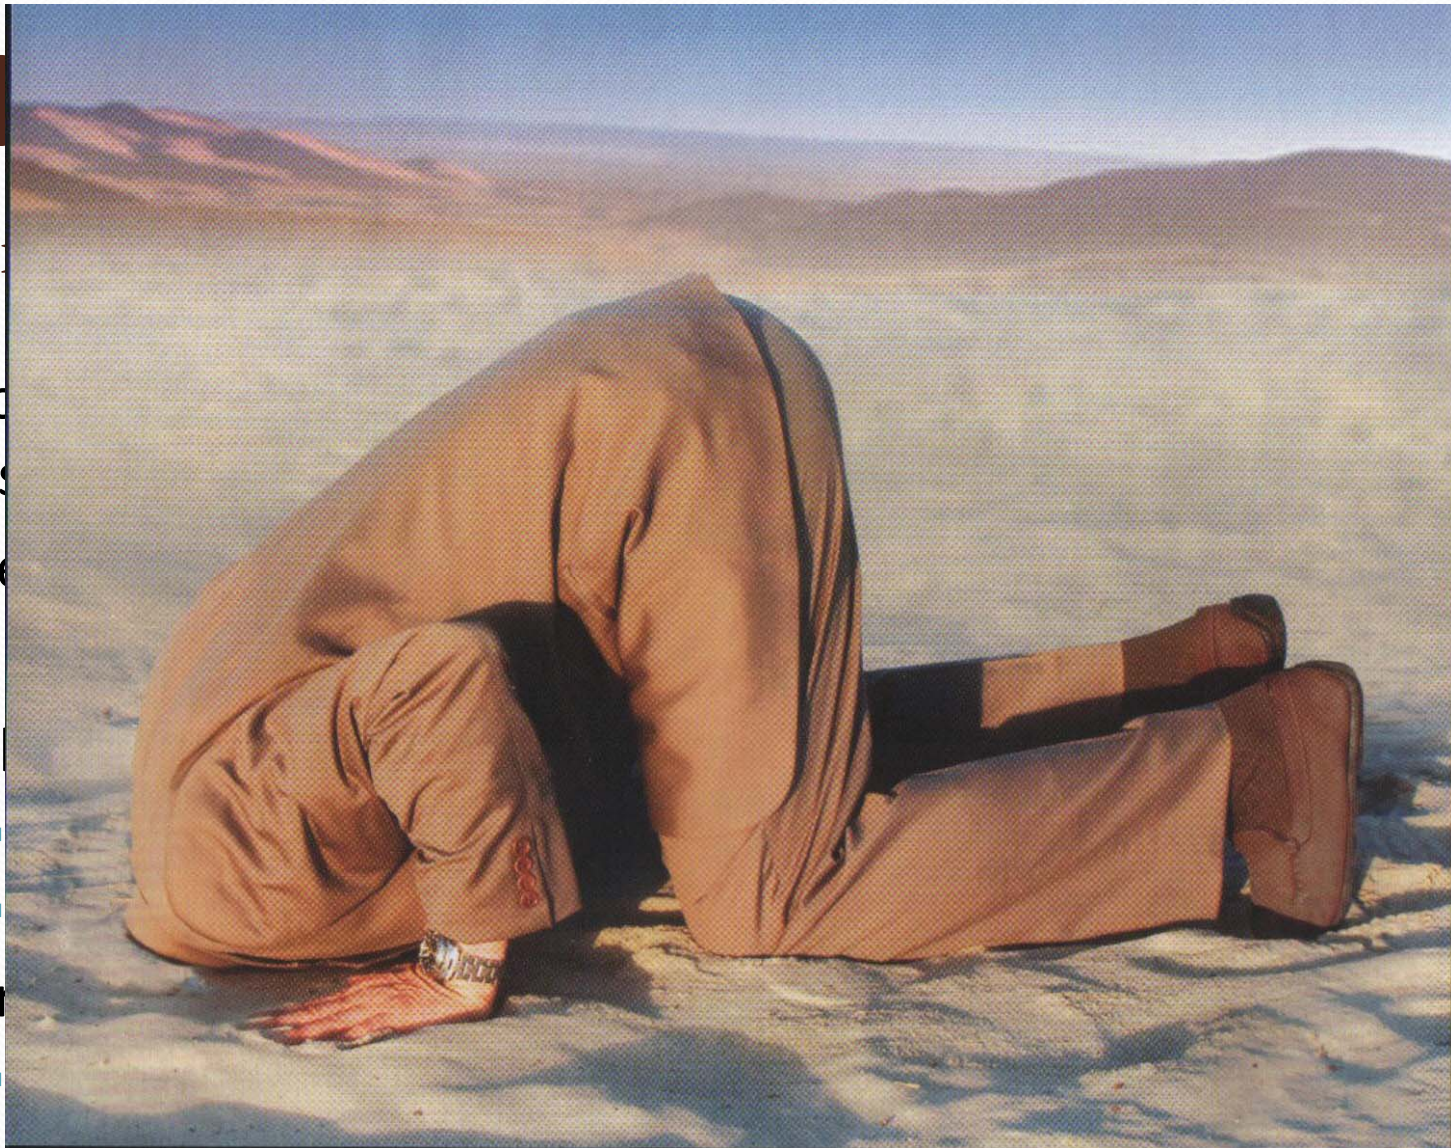

- Competency
- Business-like approach
- Standard of care
- Ethical attitude of practitioners
- Recognition by the community

- Professional bodies globally
 - APM, IPMA, PMI, AIPM, INCOSE, AACE
- National legislation
 - South Africa and the Ukraine
