Note: The Refereed Papers in these proceedings have gone through a formal and rigorous review process. Full papers were exposed to a peer review process of double-blind refereeing. A Referee's Report was provided to the Referees to complete, which was sent to the paper author(s). The Co-Chairs of the Referees Panel had the final decision where referees could not agree on the acceptability of a submitted paper.

**Professor Peter Love, Edith Cowan University, Perth, Western Australia
Associate Professor David Baccharini, Curtin University of Technology, Perth, Western Australia
Co-Chairs, Referees Panel**
