## WELCOME

The Project Management Showcase is a joint venture between the peak project management associations in South Australia, the Australian Institute of Project Management and the Project Management Institute. The two organisations have identified an opportunity to promote their profession in South Australia by conducting a one-day conference in Adelaide.

## KEYNOTE SPEAKER - ANNE HOWE, CEO SA WATER

Anne Howe was appointed to the position of Chief Executive of the South Australian government owned Water Utility in March 2001.

Prior to the South Australian Water Corporation (SA Water), Ms Howe held a number of Chief and Senior Executive positions in the South Australian Public Service, served on several Boards including as Chair of the State Supply Board, the National Public Works Council, and the Australian Procurement and Construction Council.

Anne's topic "VS1 and its contribution to water security" addresses the environmentally sustainably designed (ESD) building in Victoria Square and it is the first building in South Australia to achieve a 6 Star Green Star rating from the Green Building Council of Australia.
